Review:

I used a recent review of Avenger: Endgame from IMDB: I've only been a true MCU fan for the last five years, but I don't think I could find enough words in my lifetime to really express how much this movie meant to me- especially the finale. Endgame does have flaws, it's not perfect, but it's highs outweigh those flaws. It brings the whole universe full circle and allows fans to satisfyingly say goodbye to some of their favorite characters. It's the one Marvel movie that has truly earned the descriptor of Marvelous.
